A red-letter event in the annals of Ruth chapter, No. 33, O. E. S., and one that will be well remembered by a large number was the annual past matrons and past patrons' night held in the Masonic hall and lodge rooms last evening.

First of the pleasurable features was a bounteous banquet, to which nearly 150 partook. Credit for the supper is due a committee of the men with Homer C. Ladd as chairman. It was all that could be desired and ranks among the best that has been served on a like occasion.

Music was furnished by Land's orchestra while the supper was being served. Adjournment was then taken to the lodge rooms, where the business meeting was duly opened, remarks of welcome being given by the worthy matron to the past officers, who then occupied the chairs of the regular officials and exemplified the initiatory degree on six candidates. At this time each officer presented a floral design to each of the candidates. The past officers taking part in the exercises were: Abbie D. Stone, worthy matron; Dell V. Stone, worthy patron; Avis E. Willey, associate matron; Edith W. Richardson, secretary; Etta H. Bennett, treasurer; Sadie E. Roberts, conductress; Lillian Duncan, associate conductress; Lizzie M. Batchelder, warder; James R. Mackay, sentinel. Much credit is due the past officers for making the evening not only one of pleasure but also a great benefit to the order.

Regular meeting of Barre Aerie, No. 1573, will be held this evening at 7:30 o'clock sharp.

Special convocation of Granite lodge, No. 35, F. and A. M., Friday, March 28, at 7 p. m. Work, E. A. degree. Per order W. M.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimple or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.—Adv.

Hair On Face DeMiracle

Ordinary hair growths on face, neck and arms soon become coarse and bristly when merely removed from the surface of the skin. The only common-sense way to remove objectionable hair is to attack it under the skin. DeMiracle, the original sanitary liquid, does this by absorption.

Only genuine DeMiracle has a money-back guarantee in each package. At toilet counters in 50c, \$1 and \$2 sizes, or by mail from us in plain wrapper on receipt of price.

FREE book with testimonials, explains what causes hair, why it increases and how DeMiracle destroys it, mailed in plain sealed envelope on request. DeMiracle, Park Ave. and 129th St., New York.
